

# 269 PLT-SI Aluminum Electrolytic Snap-Ins

Brand New

## Market Segments / Applications

- Switched-mode power supplies
- Motor controls / small drives
- Industrial cooling / heating
- White goods

## Additional Information

- **High volume Snap-in production line**
- Minimum order quantity 10kpcs
- Competitive pricing

## Features

- Voltage range: **200 V to 600 V**
- Temperature range: up to **105 °C**
- Useful life: **3000 h**
- Available with 3-pin keyed polarity snap-in terminals

## Our Advantages

- Wide voltage range up to 600V
- High ripple current capability
- >10 years of 24/7 application life up to 60°C
